Our member referral program is a unique program instituted in 1997 to enable members to earn income while introducing their business associates, friends and family to the Club. The concept is kept simple. Tri-West pays a referral bonus to the referring member of 15% (fifteen percent) of the referred investment and 15% (fifteen percent) of the earned income of the referred member. As the income of the referred member increases through larger investment or referred bonus income, so your income increases proportionately. The referral bonus is paid on the first banking day of each month. All returns are paid on the first banking day of the second month after the investment is received and processed. E.g. All investments received and processed in the month of May will begin receiving income and bonus income on the first banking day in July.

An additional referral bonus of \$1,000 is paid on each accumulated level of \$50,000 referred investment. These bonuses are placed in the investment program in favor of the referrer for a one-year period and receive the current rate of return each month. Referral bonus' will be paid directly to the members offshore account (if they have chosen to have Tri-West open and account) or by mail to the members listed address. Bonuses are subject to our referral program rules as well. The member referring to member receiving the bonus is entitled to their referral fee.

All remittances or bank transfers must be payable to Haarlem Universal Corporation.

"We joined the Tri-West Investment Club in 1996. After being convinced of the merit and validity of the Club, my wife and I went to work full time introducing new members to the Club. We have personally referred over 100 members and made a great many new friends. Although we are officially retired, we work full time referring new members. If we never referred another member, we have sufficient income to live splendidly for the rest of our lives. And the monthly grows each month. We are in our late 40's."
